A Satellite Dish Coordination Form must be submitted to the Villas Association representative PRIOR TO DISH INSTALLATION.

Contact Ted Johnson at 825-5746 or [teddy1putt@gmail.com](mailto:teddy1putt@gmail.com).

The proposed installation must be as unobtrusive as possible. It should not be higher than 48" above landscape grade level. The location should be in the back or side yard.

Locations that are **prohibited** are on top of the patio roof or on the tile roof. Installation of a dish on a sled is not permitted.

The dish and its mounting hardware must be painted to match the villa within 30 days.

The Villas Association representative will verify the satellite dish installation after completion. Final approval is based on the above guidelines. The dish may need to be moved if it is not in compliance.

I agree to the above guidelines      Signature \_\_\_\_\_
